

We're going on a scavenger hunt
You'll have to use your brain
You've never done this before
So let me explain

We'll start with a rhyme and a clue
That will give you a hint
You'll guess where to go next
And head there with a sprint

So, let's begin our dinosaur adventure
I know you won't fail
Let's head to the next clue
Which is where we get the mail

See that was easy.
You don't have to look far.
Same with the next clue.
You'll find it where we park our car.

Well this is fun!
I hope you're enjoying it too.
Now let's head outside
To where we barbecue.

Carnivore dinos are at our next stop.
Do don't make a peep.
We're headed inside
To where you lay your head to sleep.

You'll find the next clue
Near a slide that's really big.
There you'll also find monkey bars
And tiny rocks to dig.

You'll think the last stop is awesome
(At least I think you oughtta)
Head to the big tree in the yard
Where you'll find a dinosaur piñata
