

**We're going on a scavenger hunt
You'll have to use your brain
Before we get going
Let me explain**

**We'll start with a rhyme and a clue
That will give you a hint
You'll guess where to go next
And head there with a sprint**

**So, let's begin our unicorn adventure
Finding the first clue will be a treat
Let's start by heading where you go
To get something to eat!**

**See that was easy.
You're doing swell
You'll get the next clue too.
It's where guests ring our doorbell.**

**We're almost there.
I'm keeping you on your toes!
Next, head to the room
where we wash our clothes.**

**Now get ready to tiptoe,
Don't make a peep.
We're headed over
To where you lay your head to sleep.**

**YAY - you did it!
Aren't you a smarty?
Head to the living room and we'll end with
a Unicorn Dance Party!**
